PC Parts, Inc. is number 36 among the area's Top 50 Fastest Growing Companies

Harrisburg, PA (September 19, 2011) – PC PARTS, INC. is proud to announce its rank of number 36 on the fifteenth annual list of the fifty top businesses making significant contributions to the growth, strength and success of the Central PA economy.

“We’re excited to have grown during a challenging time for our economy. This recognition belongs to our dedicated and growing workforce,” said Dr. George Crist, President of PC PARTS, Inc.

An event was held on Friday September 16th at the Hilton Harrisburg to recognize the winners and announce their ranks. In addition to the awards breakfast, the “Top 50 Fastest Growing Companies” will be profiled in a special supplement to the September 23, 2011, issue of the *Central Penn Business Journal*, with information on each PC Parts, Inc.’s financial growth.

In order to be eligible for nomination, companies had to be public or private, for-profit entities headquartered in Adams, Cumberland, Dauphin, Lancaster, Lebanon, Perry or York County. They were required to show revenue of at least \$500,000 in each of the fiscal years ending 2008, 2009, and 2010; then demonstrate revenue growth for 2010 as compared to 2008.

SF&PC Parts, Inc. calculated the nominations and then ranked the companies according to revenue growth over the three-year period. Both dollar and percentage increases were taken into consideration, which led to the list of the 2011 Top 50 Fastest Growing Companies, consisting of both large and small companies.

PC Parts provides best in class, niche, business process outsourcing for the IT hardware repair/service supply chain. PC Parts offers a unique suite of logistical and system integration services coupled with proprietary data informatics that facilitate the strategic inventory planning, distribution, logistics and transportation of critical service parts in the field prior to their consumption. PC Parts utilizes a blend of reverse engineering and remanufacturing techniques to enhance product quality and value.
